## ACP FACULTY DEVELOPMENT PROGRAM

ACP's Faculty Development Program provides instruction on the most effective teaching techniques for educators to plan and execute a variety of methods to engage learners and improve their success regardless of their education setting.

This 2-day course is offered in Spanish.

**Audience:** For program leaders, medical educators, and clinical teachers (all experience levels).

**Format:** Engaging and brief 30 minute lectures on each topic, followed by small group workshops, led by local facilitators. Exercises allow attendees to work on principles taught and with unique educational formats designed to meet particular needs.

**Materials:** Attendees will receive pre- and post- course materials which include excerpts from ACP's *Teaching Medicine series*. Certificates of Attendance are provided upon course completion.

## FACULTY ANNOUNCEMENT

### **Gustavo Heudebert, MD, MACP – lead faculty**

University of Alabama, School of Medicine

**Dr. Heudebert** is a native Peruvian. He graduated from the Universidad Peruana Cayetano Heredia and came to the US where he completed residency training at Henry Ford Hospital in Detroit, MI. He has worked at the University of Alabama-Birmingham (UAB) since 1995. His main activities for the last 24 years at UAB include a number of leadership positions in medical education, such as Program Director of Internal Medicine residency training. From 2007 to 2017 he was Chair of the Graduate Education Committee of the University of Alabama Hospital and served as the Associate Dean for Graduate Medical Education in that capacity, as well as that of the Designated Institutional Official (DIO) from 2013 to 2017. Since January 2018 he has served as Interim Dean of the Montgomery Regional Medical Campus. His academic research focuses on the application of quantitative sciences, such as cost effectiveness analyses to clinical problems. He has also embarked on research projects in medical education with an emphasis on graduate medical education. In particular, Dr. Heudebert is interested in applying analytical tools utilized in health services research to advance knowledge in medical education.

## **Carlos Estrada, MD, FACP**

University of Alabama, School of Medicine

**Dr. Estrada** received his medical degree from Cayetano Heredia University in Lima, Peru. He completed his internship, residency, Chief Medical Residency, and fellowship at Henry Ford Hospital in Detroit, Michigan. Dr. Estrada also earned a Master of Science in Clinical Research Design and Statistical Analysis at the University of Michigan School of Public Health in Ann Arbor, Michigan. Dr. Estrada has spent 25 years in large academic medical centers and has led many successful multi-disciplinary collaborations in all three mission areas: patient care, research, and education. His current focus is faculty leadership, clinical training, and quality improvement. Currently, Dr. Estrada is Professor of Medicine and Director of the Division of General Internal Medicine at the University of Alabama at Birmingham. He is also Chief of the Section of General Internal Medicine at the Birmingham Veterans Affairs Medical Center and co-directs the VA Quality Scholar (VAQS) Fellowship Program, a two-year interprofessional post-graduate education program with the main goal of developing leaders and scholars to improve healthcare. In 2017, he was named Associate Provost for Interprofessional Education and Director, Center for Interprofessional Education & Simulation at the University of Alabama at Birmingham.

# ACP Faculty Development Program

6<sup>th</sup>-7<sup>th</sup> March 2020 • Hotel NH Paseo de la Habana • Madrid

## ACCREDITATION OF MEDICAL PHYSICS EDUCATION PROGRAMS

The scientific program will apply for medical physics continuing education credit to the Spanish Accreditation Agency.

If the Credits are granted, to access these credits it will be essential to pass an attendance control of 100% of the total time of the activity and complete a valuation survey available on the website: [www.fesemi.org](http://www.fesemi.org) within the meeting section. The survey will be available until March 25, 2020.

**Important:** According to the regulations of the Continuing Education Accreditation System, the teaching activity of continuing education cannot be directed to professionals in training as specialists (Residents), with which Residents may not qualify for Continuing Education Credits.

## MOBILE PHONES

During scientific sessions mobile phones must be switched off.

## CERTIFICATE OF ATTENDANCE

A link to the program evaluation will be provided to SEMI a few days after the program is complete. SEMI will then post the link to the website and/or disseminate the link to the program attendees. Attendees must complete the evaluation in order to receive their certificate of attendance.

Credit certificates will be sent by email upon receipt of the credit grant response from the corresponding Agency. To receive these credits it is necessary to meet the requirements.

## REGISTRATION

Attendance at this program will be through a selection process by the FEMI Training Group and the SEMI Permanent Commission after the candidates meet the requirements that appear in this program.

Attendees are covered with the Scholarship granted all travel expenses, accommodation and registration for the Course.

## CANCELLATIONS

If for any reason a candidate to attend the program, needs to cancel his attendance for personal reasons, he must communicate it with sufficient time to be able to assign said position to another candidate.

If the non-attendance to the program is not communicated, the selected person will not be able to access any other SEMI-FEMI Scholarship during the next two years following the granting of the scholarship.
