

European Journal
of Case Reports in
Internal Medicine

The **European Journal of Case Reports in Internal Medicine** is an official journal of the European Federation of Internal Medicine (EFIM) whose aim is to promote the practice of internal medicine in Europe. The journal's aim is to provide an educational forum to internal medicine doctors, **just like you!** EJCRIM welcomes manuscripts describing unusual or complex cases and case series from which an internist may learn diagnostic and clinical skills for his everyday practice.

Out of the large number of abstracts that have been submitted to the Congress, **ten Clinical Cases** have been selected for EJCRIM's oral competition. The 3 best ones will each be awarded a **free publication voucher** and **complimentary gadgets**.

the winner could be you!

Keep your eyes peeled...
